

## INDEPENDENT AUDITORS' REPORT ON SPECIAL-PURPOSE FINANCIAL STATEMENTS

Honorable Rhonda Skipper  
Tax Collector  
Walton County, Florida

We have audited the special-purpose financial statements of the major fund of the Walton County, Florida Tax Collector (the Tax Collector), as of and for the year ended September 30, 2011, as listed in the table of contents. We have also audited the fiduciary fund type displayed in the special-purpose financial statements. These special-purpose financial statements are the responsibility of the Tax Collector. Our responsibility is to express an opinion on these special-purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in **Government Auditing Standards**, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the special-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the special-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1 to the special-purpose financial statements, the Tax Collector's financial statements are special-purpose financial statements presenting only the financial position and results of operations of the Tax Collector. These special-purpose financial statements are not intended to be a complete presentation of the financial position and results of operations of Walton County, Florida, taken as a whole. As permitted by Chapter 10.556(4), Rules of the Auditor General State of Florida, the special-purpose financial statements consist of only the fund level financial statements as defined in Governmental Auditing Standards Boards Statement 34, and do not include presentations of government-wide financial statements of the Tax Collector.

In our opinion, the special-purpose financial statements referred to above present fairly, in all material respects, the respective financial position of the General Fund and fiduciary fund type of the Tax Collector as of September 30, 2011, and the respective changes in financial position and the budgetary comparison for the General Fund thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with **Government Auditing Standards**, we have also issued a report dated December 6, 2011 on our consideration of the Tax Collector's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with **Government Auditing Standards** and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the special-purpose financial statements taken as a whole. The accompanying information identified in the table of contents as combining and individual fund statement, is presented for purposes of additional analysis and is not a required part of the special-purpose financial statements and are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the special-purpose financial statements. The information has been subjected to the auditing procedures applied in the audit of the special-purpose financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the special-purpose financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the special-purpose financial statements taken as a whole.
