## Project Team Expectations

### Team: Technology

**Leader: Jessica Laird**

**Sponsor: Nathan Thomas**

#### **Expectations:**

- Identify opportunities to leverage technology to support the strategic goals of WCTC. Identify and assess frustration points of current technology, cataloging, assisting with design and deployment of future technology.
- Opportunities should be looked at from both internal and external perspectives.
- Celebrate successes!

#### **Reporting:**

- Find at least, one item a quarter to research and provide a follow-up report on. Report should include specific items reviewed, along with application to our office, as well as a recommendation on what action should occur next.
- Provide a brief monthly team status update to your sponsor in a written format to keep them apprised of current team activities.
